

The background of the poster features a large, detailed 3D rendering of a coronavirus particle with its characteristic surface spikes. The virus is positioned in the upper half of the frame, appearing to float above a wooden floor. In the lower half, an open book with yellowed pages lies flat on the floor. A medical syringe with a green plunger and a black barrel is placed vertically on the book's pages. The syringe's needle points upwards, passing through the text. The overall scene is set against a soft, hazy background of a sunset or sunrise sky with warm orange and yellow tones. The text 'PRIORIDADE PARA A VACINAÇÃO NA EDUCAÇÃO' is centered in the middle of the image, with the syringe needle passing through the vertical line between 'PRIOR' and 'IDADE' and the comma after 'EDUCAÇÃO'.

PRIORIDADE PARA A VACINAÇÃO NA EDUCAÇÃO
